

4th Grade

We are in need of an ink cartridge for our classroom printer! This will help us with printing out newsletters, AR exam scores, and progress notes. If you have any empty cartridges please send them to 4th so we can redeem them and buy a new cartridge. If you would like to donate a cartridge, we need an Epson 68 (black).

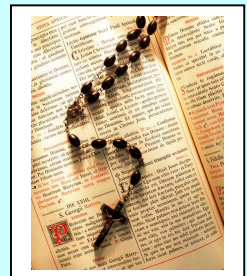

Here is an example of what your child's 4-square boxes should look like for vocabulary words in Reading class. Please make sure they write the definition and word with correct spelling in the first box. In the second box, they should be using the word in a sentence. The third box is called a pyramid and helps with spelling. Lastly, they should have a picture representing the word. Please help your child study the words for exams.

gorge: a large narrow valley	We saw the gorge from the mountain top.
g g o g o r g o r g g o r g e	

The 4th graders would like to thank Mrs. McWay for donating a beautiful crucifix to our classroom!

October is the month of the Rosary. If your child has a rosary, please have them bring it to school on Wednesdays as we recite one decade after mass as a school.
